

Copper Creek Villas & Cabins at Disney's Wilderness Lodge Opens, Welcoming Disney Vacation Club Members to the Rustic Elegance of the Pacific Northwest

CELEBRATION, Fla. (July 17, 2017) - Today, [Disney Vacation Club](#) welcomes its 14th resort with the opening of [Copper Creek Villas & Cabins at Disney's Wilderness Lodge](#), the latest vacation ownership property in its growing portfolio. Offering one of the widest ranges of accommodation types at Walt Disney World Resort, Copper Creek Villas & Cabins features 184 rustically elegant accommodation options, including Deluxe Studios, one- and two-bedroom Villas, three-bedroom Grand Villas and unique Waterfront Cabins.

"Copper Creek Villas & Cabins offers members and guests a uniquely designed and exquisitely appointed home base for their Walt Disney World vacation, and it is truly a gem in the growing Disney Vacation Club portfolio," said Ken Potrock, Senior Vice President and General Manager of Disney Vacation Club. "This resort offers the best of everything, including immersive theming, accommodations in a variety of sizes to suit any type of family, high-quality amenities, and the ideal waterfront location that is just around the river bend from Magic Kingdom Park."

Inspired by the beauty of the Pacific Northwest, the resort features natural elements, such as wood and stone, in its design, as well as subtle nods to the American transcontinental railroad. The Deluxe Studios offer room for up to four guests, while the larger one- and two-bedroom Villas and three-bedroom Grand Villas seamlessly blend the comforts of home with the wonders of the wilderness to create a tranquil retreat for families of any size. Each Villa is thoughtfully designed with today's families in mind offering full kitchens, expanded storage space for belongings, and private patios or balconies with scenic views.

The 26 all-new luxurious waterfront Cascade Cabins are the centerpiece of the resort. These two-bedroom, two-bath cabins sleep up to eight, offering modern luxuries with a homey, yet upscale feel. Large dining and living room spaces, along with a screened-in wraparound porch, allow for plenty of space for families. Amenities throughout the cabins include a full kitchen, flat panel televisions, a washer and dryer, a hidden pull-down bed featuring artwork of Chip and Dale, a built-in hot tub on the porch, an indoor/outdoor fireplace and a number of special Disney touches.

The resort is a short water taxi ride away from Magic Kingdom Park, and offers easy bus access to the rest of the Walt Disney World Resort, making it the ideal home base for families looking to explore a wide range of new Disney attractions, including the recently opened Pandora - The World of Avatar at Disney's Animal Kingdom Theme Park and the reimagined Disney Springs retail, dining and entertainment district.

While staying at Copper Creek Villas & Cabins, guests have shared access to all of the amenities and activities available just steps away at Disney's Wilderness Lodge. Geyser Point Bar & Grill, which opened earlier this year, offers picturesque views of Bay Lake, as well as explorer-worthy feasts and trails-end spirits

in an open-air lounge. Roaring Fork, the resort's original quick-service restaurant, has recently reopened featuring a refreshed look and expanded outdoor seating.

The resort's new leisure pool, Boulder Ridge Cove Pool, is themed to the legendary mining history of the Northwest featuring a zero-depth entry pool, a whirlpool spa and first-come, first-served cabanas. Additionally, a brand-new sports court, BBQ pavilions and a refurbished fire pit and movie area have all joined the lineup of resort amenities. Those in search of extra pampering will want to stop by Salon by the Springs, opening later this year, for pool-side manicures, pedicures and hair services.

Copper Creek Villas & Cabins is the second Disney Vacation Club resort at Disney's Wilderness Lodge. For more information about Copper Creek Villas & Cabins and Disney Vacation Club, visit DisneyCopperCreek.com.
