

# Creature-Themed Wares Are the Lion's Share at Disney's Animal Kingdom Shops

LAKE BUENA VISTA, Fla. — A shopping safari through Disney's Animal Kingdom is an adventure in itself. Discover themed backscratchers and bush hats as seen on your Kilimanjaro Safaris tour guide. Don't miss stryacosaurus and other dinosaur replicas straight from the DINOSAUR thrill ride.

The 1,600 specially created merchandise items at Disney's Animal Kingdom reflect the overriding theme of the park — a celebration of animals.

The merchandise depicts many of the park "animals," whether they are Disney, dinosaurs or real.

Environmentally friendly conservation messages also are evident throughout the merchandise locations at Disney's Animal Kingdom. At each register guests can contribute to the Disney Wildlife Conservation Fund by adding a dollar to a purchase. Penny press machines featuring the Disney Wildlife Conservation Fund logo are located throughout the park with proceeds supporting wildlife and wild places.
