

New “Happily Ever After” Fireworks and Projection Show Debuts at Magic Kingdom Park

LAKE BUENA VISTA, Fla. It’s no secret that every ‘once upon a time’ story ends with ‘happily ever after.’ Now, [Walt Disney World Resort](#) guests can discover just how magical and emotional that fairy tale ending can be with the newest, most breathtaking fireworks show in the history of [Magic Kingdom Park](#) - “Happily Ever After.”

In addition to fireworks, the stunning new nighttime extravaganza features more lasers, lights and projections than any show at Magic Kingdom Park before it. “Happily Ever After” is also an entirely new kind of Disney storytelling, one that takes guests on an inspiring journey filled with heart, humor and emotion. Guests become part of the journey themselves as they follow favorite Disney characters on an adventure to seek out their destiny, face adversity and ultimately fulfill their dreams on the road to their happily ever after.

The 18-minute spectacle features moments from classic Disney films such as “The Little Mermaid” and “Aladdin” to modern blockbusters “Moana” and “Zootopia.” Cinderella Castle becomes part of the story itself, with dazzling projections bringing heartfelt Disney stories to life on and around the iconic 18-story-tall castle. Quasimodo from “Hunchback of Notre Dame” swings from the turrets. Woody and his pals from Disney•Pixar’s “Toy Story” recreate the castle entirely out of toys. And Maleficent from “Sleeping Beauty” envelops the castle in her signature green flames.

The story begins with scenes of fantastic dreams full of hope, wonder, magic and light. Disney villains soon become part of the story, attempting to quash those beautiful dreams and forcing the heroes to fight for what they believe in. Overcoming their fears, the heroes triumph and are celebrated with spectacular fireworks.

Because no Magic Kingdom Park fireworks display is complete without this little bit of magic, Tinker Bell flies across the night sky, reminding guests that with a little faith, trust and pixie dust, everyone can find their own happily ever after.

Characters and scenes from more than 25 Disney films are featured through state-of-the-art projections, enhanced by more than 50 choreographed spotlights, brilliant lasers and plenty of awe-inspiring fireworks. Paired with an emotional score, the new spectacular drives the message home that anyone can grab hold of their dreams and make them come true as long as they are brave enough to listen to what guides them and bold enough to pursue their destiny.

The score for “Happily Ever After” was recorded by a 75-piece orchestra in London and includes tunes from a multitude of Disney movies, including “Aladdin,” “Brave,” “Tarzan,” “The Lion King,” and “The Princess and the Frog.”

“Happily Ever After” is presented nightly. Show times vary based on park hours.
